mask

nose

- Step 1. Cut out all the pieces, being careful with scissors.
- Step 2. Glue all the tabs together to form the shape.
- Step 3. Glue the nose tabs to the inside of the largest hole in the mask.
- Step 4. Glue the two pieces of the strap together.
- Step 5. Glue the ends of the strap inside the mask, the bottom of the strap should be inline with the the top of the eyes.
- Step 6. Have somebody help you get the strap the right length.
- Step 7. Wear the mask! and share with #MasksInAction

These will be

The strap

glue to inside
